

Beginning to End HMDA Reporting

January 20, 2022 - Webinar

Since the Dodd-Frank Act, HMDA has significantly expanded reporting requirements, only to have them modified by Senate Bill 2155, causing additional questions and confusion for HMDA data collection and reporting. Once again, HMDA was modified in July 2020.

Banks need to be aware of the S.B. 2155 effects and the July 2020 changes, including the significant partial exemptions on the collection and reporting of HMDA data and increased loan volume thresholds. Fully understanding the changes now can save a lot of time and energy in the months to come.

This online program consists of 90 minutes of instruction and 30 minutes of live Q&A. Each registration allows for one connection to the webinar and materials with 30-day replay access. You may have unlimited listeners on your connection by speaker phone and PC. You will receive a confirmation with your PIN, materials and logon instructions. If you do not receive a confirmation at least two days prior to the event, call 785-232-3444. You may also purchase the OnDemand recording and materials for ongoing training purposes.

Any transmission, retransmission or republishing of the audio portion of the seminar is strictly prohibited. Your registration entitles you to ONE connection at ONE physical location along with permission to make copies of seminar materials for all listeners from your institution.
