

NOW HIRING FOR AN Accounting Solutions Engineer

This position directs FHLBank's identification of and application management for approved emerging technologies for Accounting, including: robotic process automation (RPA); artificial intelligence (AI), business intelligence (BI), etc. This position assists with Workday application management, including: report writing, testing of upgrades/enhancements, and Accounting Center mapping. Additionally, this position assists with research, maintenance, and system testing of Accounting department applications; ensures accounting solutions activities follows generally acceptable accounting principles, regulatory and SEC requirements; and ensures proper internal controls exist and are maintained with the areas of assigned responsibilities.

What qualifications are needed?

- Bachelor's degree in Business or Information Technology related fields of study or 4 years of related business experience. CPA or CMA certificate and/or MBA or MAcc preferred.
- Five to eight years of similar or related experience.
- Knowledge of generally accepted accounting principles and theories required.
- Experience with BI tools preferred.
- Workday and Accounting Center/Prism experience preferred.
- Experience with automated reconciliation tool preferred.
- Knowledge and experience with MS Office products and accounting software applications.
- Knowledge of appropriate internal controls.
- Excellent written and verbal communication skills.
- Must be able to work independently and operate all types of office equipment.
- Ability to work the number of hours required to meet the demands of this position.
- Must be able to work and travel independently.
